

AMIR TAHANI

COMPUTER SCIENCE GRADUATE

Sofia, Sofia City Province 1680, Bulgaria | amirtahani919@gmail.com | 889700004 | [LinkedIn](#)

PROFILE

Computer Science graduate focused on backend/API development, AI engineering, and QA. Technical skills include Python, SQL, REST APIs, NLP, Streamlit, Postman, SQLite, Git, and Hugging Face Transformers. Hands-on experience building AI- and data-driven applications, with strengths in testing, debugging, documentation, and reliable delivery.

TECHNICAL SKILLS

- | | | | |
|-----------------|--------------------|-----------------------------|-------------|
| • Python | • SQL | • REST APIs | • Postman |
| • SQLite | • NLP | • Hugging Face Transformers | • Streamlit |
| • Data Analysis | • Software Testing | • Debugging | • Git |

PROJECTS

AI Email Assistant (NLP Application)

- Built an AI-powered email assistant for classification, summarization, and response generation, cutting manual review time by ~40% in testing.
- Designed a Streamlit interface with SQLite-backed local storage to manage 100+ sample emails and support structured local inference.
- Standardized prompts and validation steps to improve workflow consistency and reduce repetitive handling effort by ~30%.

Data Analysis & Visualization Projects

- Cleaned and analyzed structured datasets with Python and SQL, uncovering trends across 1,000+ records to support decision-making.
- Created clear visualizations and summary outputs, reducing reporting time by ~25%.
- Applied a consistent analysis workflow to improve reproducibility, clarity, and presentation quality.

PROFESSIONAL EXPERIENCE

Junior Software Tester / QA Engineer, lead2lid

Mar 2024 to Dec 2024

Sofia

- Performed manual, functional, and regression testing for web applications to improve release reliability and reduce defects before deployment.
- Documented bugs with clear reproduction steps and technical notes to speed triage and resolution.
- Collaborated with developers during troubleshooting and release validation to strengthen product stability.
- Used Postman to verify API responses and support backend testing workflows.

Call Center Agent, Bigside

Jan 2023 to Jan 2024

Sofia

- Handled customer inquiries in a high-volume support environment, resolving issues efficiently and professionally.
- Strengthened communication, problem-solving, and conflict-resolution skills through daily customer interactions.
- Maintained service quality and customer satisfaction standards while managing multiple requests.

EDUCATION

Technical University of Sofia, Sofia

Bachelor of Science in Computer Science

Relevant Coursework: Data Structures and Algorithms, Databases, Object-Oriented Programming, Software Engineering, Web Development, Artificial Intelligence.

LANGUAGES

English – Very Good, persian, bulgarian
